THIRTY-SECOND YEAR NO. 27.

CEARVILLE, O., FRIDAY, JULY 2, 1909.

PRICE \$1.00 A YEAR.

## VILLAGE COUNCIL IN SESSION.

Council met Wednesday evening to finish the business of the first half of the fiscal year. Bills to the amount of \$538.22 were allowed and ordered paid. This amount is much larger than usual owing to the fact that the new street work came in, salaries were allowed and W. L. Miller was allowed \$100 for recodifying the ordinances.

At a recent meeting the finance committee introduced an ordinance to reduce the salaries of the village officials. This was necessary to keep the tax levy as low as possible owing to the many improvements. The ordinance came up for final passage and was defeated. The vote stood: affirmative, Pollock and Bull; negative, Caldwell, Irvine and Shroeder. Randall was absent.

The ordinance combining the office of marshal and street commissioner was also defeated. A resolution passed allowing Deputy Marshal Kennon ten days on pay. For more than a year he has been doing the work of the marshal besides his regular duties.

The semi-annual appropriation ordinance and the levy ordinance could not be passed after the defeat of the salary ordinance. It will be necessary to make a higher levy for next year than what had been originally determined upon by the finance committee.

## News About The Courts.

County Treasurer Kauffman has brought suit against Mrs. Vinna M. Harper of this place to recover \$393.85 in liquor taxes which is held against the property where John Jones sold liquor unlawfully and was convicted. She says that liquor was sold without her knowledge and when it became known said Jones was compelled to vacate the property.

The suit of Prof. D. H. Barnes against the Bath township school board has been occupying the attention of Judge Kyle this week. Fifty witnesses have been subpoenaed in the case, thirty-six being for the plaintiff. The Prof. was charged with improper conduct towards one of the teachers and was discharged. An investigation cleared him of all charges and he is now endeavoring to get his year's salary after being discharged.

The grand jury was in session Tuesday and reported four true bills, one of which was made known that of Ed Clark of Yellow Springs in which he was indicted with intent to kill, and shooting with intent to wound.

McClanahan of Chicago, Ill., will give his interesting, patriotic and inspiring lecture "The Challenge of the City" or "Ghosts in the Land" on the United Presbyterian church lawn next Wednesday evening, July 7. Let there be good attendance not only of the members of the congregation but citizens in general. A free will offering will be taken at the close. Enjoy the cool of the evening on the church lawn. In case the evening is too warm a lecture will be given in the church.

## FINNEY-BLACK NUPTIALS.

Mr. Anderson T. Finney and Miss Fannie Black were quietly married Wednesday at noon at the home of Mr. and Mrs. J. C. Davis in Cincinnati by Rev. Miller of the United Presbyterian church in that city. Mr. John M. Finney, Jr., and Miss Grace Clark of this place were present.

The bride recently came here from Los Angeles, Cal., coming East with the groom's sister, Mrs. Bella Clark previous to her death some weeks ago.

The groom is a well known farmer and is an extensive land owner. Mr. and Mrs. Finney will return to Cedarville in a few days where they expect to go to housekeeping. They have the best wishes of a large circle of friends.

## Death of John Shears.

John Shears died at his home Sabbath morning after an illness of several weeks. An operation for hernia was performed last Saturday evening and the patient never came from under the influence of the anesthetic. The operation seemed to be the only thing to relieve his condition.

The deceased was about 65 years of age and was born in Virginia. Five children besides a wife survive. They are: Art, Cress, Frank Mrs. Frank Wiscup and Mrs. Reese Hutton.

The funeral services were conducted from the home Monday by Rev. W. B. Pitt. Burial took place at the cemetery north of town.

## FOURTH OF JULY WARNING.

That season of the year is now approaching when fond parents almost regret that our forefathers adopted the Declaration of Independence. Despite the fearful toll of the war which is annually taken, doubtless the youth of the land will celebrate the glorious Fourth as usual.

The average number of fires in Ohio annually, resulting directly to the use of fireworks is about 36; and the average loss from fires from all causes is about \$1500.

Without expressing any opinion upon the merits of the controversy over woman suffrage, it is respectfully suggested that the women of this country could save more lives and premises by directing their energy against the use of dangerous fireworks than they can ever save by the ballot.

Annually the mayor's of our cities make proclamations concerning the use of common crackers and other dangerous noise and fire producers upon the Fourth. But it would be impossible for any police force to enforce the provisions of an ordinance.

It is suggested that the place to begin is with the sellers. Ordinances which shall regulate or prohibit the sale of the more dangerous varieties of fireworks can be enforced much more easily than can those seeking to regulate or prohibit their use after they are once sold.

A few cities have already absolutely refused the sale of fireworks and the fact that outside of the property loss there are from 100 to 500 deaths annually, directly attributable to these dangerous agencies is sufficient justification for this action.

But this drastic legislation would not be required if the municipal authorities would pass regulatory measures. And then enforcement of these measures can easily be had if the parents of the land will appreciate the danger and act accordingly in making their purchases.

Parents are urged to back up to the fullest extent possible all efforts of our authorities to lesson these dangers to life and property. And especially are they urged to use the utmost care in their purchases and later in the use of these joys of the youthful heart.

J. W. ZUBER,  
State Fire Mar. hal.

The Gospel Auto party which spent Monday and Tuesday with us left a good impression of the work that is being done. The organization is supported by T. A. Snider, a wealthy citizen of Cincinnati. The services conducted each evening and Tuesday afternoon drew good crowds and people stood and gave strict attention for more than an hour. There was nothing sensational about the services.

## Post Office Fights Ended.

President Taft ended the Jamestown Postoffice fight by re-nominating W. C. Cassis for his second term. Cassis had the support of the county committee, congressional committee and state committee and was in close touch with the "big game" higher up.

The recent reorganization of the county committee was partly due to the postoffice fight in Jamestown in that Jesse Taylor was after Cassis and supporting Lester Smith. Taylor has been a personal and political enemy of Cassis for a number of years and has charged Cassis with being opposed to him in the election last fall.

The postoffice department sent an inspector to Jamestown and his report indicated that Taylor did not make a fair fight and now wants the matter opened before the postoffice committee of the Senate. Senator Dick insists that they shall have a hearing. Senator Burton is saying nothing and will probably stand by the President.

## Returned After Thirty-Eight Years

Drs. Bin and Bud Reid and their wives, the former from Anderson and the latter from Pemberton, Ind., were guests of Mr. L. G. Bull and family from Sabbath until Tuesday. They drove through in the former's new Chalmers-Detroit touring car. It has been thirty-seven years since Dr. Bin left Cedarville and this is his first visit in that time. Dr. Bud visited here about four years ago. Both are practicing dentists in their respective cities. In their short visit here they met many of their boyhood acquaintances but found many changes and improvements in the town.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is internally acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## NEXT YEAR'S CHAUTAUQUA.

The Antioch Chautauqua will be held next year but the time and place have not been decided upon. The program this season was a decided success but Dr. Fess will have quite a deficiency to make up. The attendance was cut largely by the heavy rains particularly in the evenings. The afternoon crowds were up to the standard.

The committee soliciting the sale of season tickets reports over 1900 for next year. This will make a guarantee fund that insures a more expensive program than ever. Dr. Fess reports that such men as Dr. Gunsaulus and William Jennings Bryan will be on the program for next season.

Should the reported sale of the Neff grounds to E. S. Kelly be true Dr. Fess will be able to use the park.

## Automobile Hill Climb.

The automobile hill climb at Ft. Ancient last Saturday drew several of the buzz-wagon followers to that historic spot. The hill is regarded as one of the worst in the state and the contest was held under the direction of the Cincinnati Automobile Club. About twenty-seven different machines were entered and the Stoddard-Dayton made the mile on a fifteen percent grade with four curves in 1:11 1-5 M. There were several other machines that made excellent showing but the Stoddard-Dayton was the only contesting machine on time that was driven by a professional driver. Among those from here who attended were: Dr. J. W. Dixon, C. M. Crouse, Frank A. Jackson, Phil D. Dixon, Andrew Winter, G. F. Siegler and Earl Bull.

The Senior L. T. L. will meet this evening (Friday) in Carnegie Hall at 7:30 o'clock. A full attendance is desired. The same time for the election of officers. All members will please observe that the regular meetings will be held on the second and fourth Tuesday evenings of each month unless other notice is given.

The Fourth this year will be largely celebrated on Monday owing to the calendar date falling on Sabbath. The cities will recognize Monday as the day and it is hoped that the patriotic spirit will only be displayed on the one day, Monday. Parties leaving horses hitched about town on Saturday evening should use extra care in case the small boy cannot wait until Monday for his jollification.

Mr. G. A. McClellan with a party of six made a successful balloon ascension Tuesday at Dayton. The start was made near eleven o'clock and at four thirty the descent was made near North Vernon, Ind. There was a small printing press and miniature copies of the Dayton Journal were printed and dropped from the sky.
